

Disseminates e-Infrastructure
achievements worldwide

Facilitates dialogue and ideas sharing
between e-Infrastructures projects and
end users

Fosters a better understanding of
e-Infrastructures and their adoption

Belief

Global Access Point To **e-Infrastructures**

 www.beliefproject.org

Join the e-Infrastructures Community!

Profile yourself and your organisation in the most detailed way. An updated and informative profile will help you communicate the results and achievement to the e-Infrastructures Community.

Upload your own news, events and create your network of contacts!

Digital Library: powerful services open to the e-Infrastructures community!

You can browse documents, ideas and e-Infrastructure projects' results in the BELIEF Digital Library. Make also your results, articles, analyses and events materials go global by placing them on-line on the DL. Taking an active part in the DL you will benefit from the results achieved by other related projects and initiatives and at the same time you will contribute yourself to the improvements of the e-Infrastructure technologies and future strategies.

Just submit your documents to BELIEF to ensure your project results go global!

ZERO-IN Magazine: enter the world of e-Infrastructures

Read the first edition on distance learning as an e-Infrastructures application and contribute with your innovative, stimulating articles to the 2nd issue of the Zero-In Magazine. The focus of this edition is on earth science and astronomy.

Visit the Zero-In webpage for information on article submission!

BELIEF International Events

eConcertation Meetings gather e-Infrastructures players together to share ideas and tackle common problem.

Brainstorming Events gather experts to create new visions and solutions on specific topics.

International Symposia are platforms for policy outreach and raising awareness of eInfrastructures activities between EU and other regions, notably Latin America, India and South Africa.

Check the BELIEF portal to find out when and where the next networking events will take place!

Don't Miss The Next Symposium!

16-17 July 2009, São Paulo, Brazil

Help us understand how to best harness connectivity between Europe and Latin America.
