

6CHOICE: India-Europe Cooperation to promote IPv6 Adoption

**5th e-Infrastructure Concertation Meeting
Barcelona, June 6th 2008**

Dr. Sathya Rao
Telscom Consulting, Switzerland
Rao@Telscom.ch

Who we are

Partner	Country	Type	Primary Expertise
Telscom Consulting	CH	SME	•Coordination and experience in IPv6
ERNET	IN	NREN	•Network set up and operation
RENATER	FR	NREN	•Network set up and operation
Indian Institute of Science	IN	Research Institute	•Indian MIT with rich expertise in education and training
HP	IN	Industrial research	•IPv6 expertise and Applications development
SIFY	IN	Big ISP	•IPv6 operational experience
University college of London	U.K	University	•Long term research activities in IPv6
Teltonica I+D	ES	ISP+National operator	• Commercial IPv6 operational experience

What we do

Main objectives:

- ✓ Build the co-operation in working environment of IPv6 network deployment and operation
 - ✓ Develop the roadmap of IPv6 network deployment
 - ✓ Build common platforms across Europe and India for services and applications
- ✓ Set up applications trials across Europe and India
 - ✓ Guidelines development for implementing IPv6 services by organising joint experiments trials
- ✓ Conduct workshops and training courses across India encouraging the take up of IPv6
- ✓ Create awareness among the political, policy and regulatory authorities about IPv6
